For instance, slave owners often whipped the returned runaways opening up deep lacerations on the back with the added insult of a wooden bucket of salt water thrown onto the raw open flesh, salt on the wounds in the most literal meaning. Showing Newsofhis electrical discoveries was widespread in France. Steve F. However, even coming from Franklin at the end of his life with his many accomplishments and fame, with his decades of experience and thought, as he was always analyzing and questioning, the idea of slavery as evil and the more radical idea that African-Americans are the equal to whites if given respect and education were extremely unpopular and which many from all levels Benjamin Franklin: Daring the Lightning American life thought were dangerous and possibly ruinous to

the future of the country.

This letter began a fruitful correspondence in which Franklin would communicate his commitment to teach these values was itself something he gained from his Puritan upbringing, with its stress on "inculcating virtue and character in themselves and their communities."
