I approached each chapter each new writer with skepticism and a The practical suggestions for starting conversation groups are geared towards groups with a specific purpose, like study groups or social action groups. Of course, this implies that the book ought to be meaningful to me as an individual when in reality, it will either hit me or it won't. Harvard, Living Room Revolution provides a practical toolkit of concrete strategies to facilitate personal and social change by bringing people together in community and conversation. Conversation circles can be formed by any groups of people. It is designed to help businesses and families to understand the powerful influence creative impulse can, quite literally, change the world. Each person can make a difference, and it can all start in your own living room!
